Dickens	Oliver J

Pupil Cabinet ready to change the world!

This week we are proud to announce our new Pupil Cabinet in Year 6: Daniel, Ana, Iain, Leo, Eloise, Ben, Jimmy, Alex, Cienna, Patryk, Olivier and Honey. I know these pupils will help the school become even better than it is today!

PUPIL PARLIAMENT

Thank you to Year 6 who led their first pupil parliament meeting for the year. All the children Year 1 to 6 met up in mixed age group sessions where they shared their ideas about clubs, school dinner and playground games. I'm looking forward to learning about all their ideas...it is bound to cost money!!!

On Wednesday this week, our pupils joined in the very popular No Pens Day. Across the school pupils were encouraged to develop their language skills through a range of activities! Year 4 found a very creative way to learn about the water cycle!

Social Moral Spiritual Cultural (SMSC) and British Values

This week, year 2 have been learning about ways to save energy and become more energy efficient. After learning about what energy is and how it is used at home and in school, the children had group discussions about why it is important that we all work together to try to reduce the amount of energy we use. They then worked collectively to create class energy saving action plans, thinking of what they could change in their daily lives to save energy. There were lots of brilliant ideas such as closing windows, remembering to turn the tap off, recycling as much as possible and turning off lights when you leave a room. Looking at how much our class recycling bins have filled up this week, I think it is safe to say we have definitely all become much more energy efficient!!

The Leys Leaflet

Write a persuasive speech BY Ester Year 3

Oh, I have such a silly, old king! I wish I just gave the lion king some food then none of this would have happened and my army wouldn't be gone. Will the lion king forgive my greediness? If my army were here I bet they would blame me for everything. I'm very sorry for what I've done to you and i promise I won't be greedy again. I will try to remember to always share and be kind to my neighbour which is you of course. I'm going to change my ways so I never act like that ever again.

CLASS: DONALDSON

We were learning about the artist Andy Goldsworthy and the art he makes out of natural materials. Then we went outside to collect sticks, leaves, stones, feathers, flowers and other natural materials. We then created our own art work in pairs or by ourselves. In the afternoon we made a picture inspired by his work using different types of paper, scissors and glue but no pencils! We also had the chance to play phonics snakes and ladders.
