

Dear Parents and Carers

We expect all parents, carers, family members and friends visiting our site to follow the same code of conduct and school values, as we expect of all our staff and pupils. Our thought of the week is the following: Good manners are just a way of showing other people that we have respect for them. Respect is one of our school values, and we know you expect this of your children, as we do.

Unfortunately however, it has been reported to me that a small number of parents and carers have been swearing and using extremely bad language on the playground. Can I make it clear that this won't be tolerated. I have the option of banning individuals from site if they are in clear breach of our code of conduct. This would have a terrible effect on the children involved, therefore I am asking everyone to conduct themselves in a reasonable way. I have also been disappointed to hear that some parents and carers are making unkind comments about individual teachers to other members of the school community. Please remember that all our staff at the Leys work very hard to ensure all pupils thrive in their learning and their wellbeing. This includes our very dedicated office team, who do their very best to respond to your requests. We understand that sometimes there can be issues to address, however this can always be done in an amicable way.

Senior leaders would be happy to help in any situation should this be needed. How can we expect our pupils to be role models if we are not role models ourselves? We appreciate your co-operation with this.

Kind regards

Leigh Humphries
