## 14 ACTIVITIES TO IMPROVE KIDS' WRITING SKILLS

### 1. READ UP

*Regular reading is a stepping stone to better writing and helps kids' strengthen their writing skills. It helps expand children's vocabulary and shows them different ways of using words. This also makes it easier for them to use these words in their own writing.*

*With younger children, make sure you're reading together every day and encouraging their love of reading as they grow. Start reading early—many children who devour books grow up to become strong writers themselves.*

## 2. MAKE IT FUN!

*Play games and activities that encourage writing. Crossword puzzles and word games are great for everyone. Little ones will especially like the “write the word” game: where they search for items and write down the word when they find each item.*

## 3. CREATE WRITING WORKSHEETS

*For young children just learning to write, try creating a worksheet where they can trace letters and words. Write out letters and words, place another piece of paper on top, and have your child trace onto the blank piece of paper. You can also create a connect-the-dots game by having your child trace along dotted lines and then tell you which letter or word she or he finds.*

## 4. TRY DIFFERENT MATERIALS

*Switch it up by writing with something other than a pen or pencil. Sidewalk chalk on the driveway, finger painting, or a salt writing tray are all fun writing activities that will also help build kids' writing skills.*

## 5. WRITE LETTERS

*Lots of reading, frequent writing time in a special writing area, and incorporating fun writing activities and games will all go a long way to giving writing skills a boost. Today, writing letters is a bit of a lost art. Encourage your child to write letters to friends or family members. Distant family members will especially love receiving handwritten letters and it's a great way to work on improving writing skills for kids.*

*Pen-pals are also a fun idea, or you can even write letters to each other and leave them around the house to find!*

## 9. CONNECT THEIR INTERESTS

*Think about your son or daughter's favourite book series. Or maybe he or she is obsessed with dinosaurs. Whatever his or her interests, connect them to writing. Have your child write a new short story about his or her favourite characters, or let him or her create a story all about dinosaurs.*

*There's no getting around the fact that technology plays a huge part in our lives. Use it to your advantage by having your child create a blog. This can help your child work on improving his or her writing skills by encouraging frequent writing habits.*
